

Growth Information

• The 2000 Census shows Medina County's population increasing 94% over a 10-year period.

- 1990 = 9,654 people
- 2000 = 18,679 people

• Student growth has increased 55% in the past 10 years.

- 1990 - 1991 SY = 1870 students
- 2000 - 2001 SY = 2896 students

• Future enrollment of Medina Valley ISD is projected to increase an average of 4.5% annually over 10 years and 2.5% annually over the next 5 years.

• It is projected that the next 5 years will add 400 – 700 additional students.

• Medina Valley I.S.D. is the largest business and employer in Medina County currently employing over 460 people with an annual budget of approximately \$22,000,000.

• The district is in the process of constructing a new 750 student elementary school in the north east quadrant of the district.

• The community has approved the sale of bonds which would allow for a 90,000 square foot expansion of the current Middle School. The Middle School will then be converted to a High School.

• An \$800,000+ expansion/renovation to the current football stadium is currently underway to accommodate overcrowding at stadium events (football, graduation, etc.)

• Northside ISD (our neighboring school district) is in the process of building an elementary and middle school near the Northside - Medina Valley border to accommodate recent expanding populations.

• Loop 1604 is currently in a major expansion project from Bandera Rd. to Hwy 90 due to increased population.

• TXDOT reports that the connection of FM 211 between FM 1957 (Potranco Rd.) and FM 471 North is in their future budget plans.

• Toyota locating a plant on the Southside of San Antonio is expected to bring population increases in neighboring counties within the next five years.
