

MV Student Assistance Services

Goals

1. To provide coordinated support services for all students to help them reach their greatest academic potential.
2. To teach students social skills that help them in everyday life at home and at school.
3. To help students having trouble in school due to behavior problems.
4. Support and enhance the prevention programs and related lessons taught through district approved curriculums.
5. To work with both parents and students to improve communication between the school and parents.

6. To encourage parent partnership in their student's education.

The four primary components of our program are:

Student support services

Parent outreach services

Consultation and coordination services

Curriculum and classroom support services
