

MEDINA VALLEY INDEPENDENT SCHOOL DISTRICT

"Proud of our Past, Dedicated to the Present, Committed to the Future!"

September 14, 2009

Dear Medina Valley Parent:

In an effort to facilitate communication with our parents, MVISD will provide access to view your child's grades and attendance. This service is provided by "txConnect" through the MVISD website.

The "txConnect" service is a secure, on-line resource parents can use to monitor their student's grades and has the added advantage of allowing parents to also monitor attendance. Features allow parents to sign up for "alerts" that let you know when your student has been absent, tardy, or failed any assignment. Directions, information and features of "txConnect" are available on the Medina Valley website link or in paper format by contacting the office staff at your child's campus. Please check system requirements in the appendix of the training guide if you have problems connecting to the service.

Attached is the portal ID you will need to access your student's information. If you have any questions please contact Teresa Gaitan at 830-931-2243 ext. 2000.

In addition, we would also like to inform our parents about a campus security tool available at Medina Valley ISD. The district has established an anonymous tip line which provides a secure method for students, parents, and community members to report risk to campus security or inappropriate activities. This tip line may be accessed by calling 830-931-2243 extension 6000.

Once again, our hope is that these resources, as well as others offered by the MVISD, help to facilitate communication between school and home and to further our relationship as partners in your student's education.

Sincerely,

A handwritten signature in cursive script that reads "James Stansberry". The signature is written in black ink on a white background.

James Stansberry
Superintendent
