December 21, 2018

Dear Parents/Guardians,

Jorge Jurado
Vice Principal

We are excited to announce that we have added 4 new teachers to Loma Alta!

★ Mr. Walsh was added to the Loma Alta team back in November. He has already begun teaching science and is looking forward to the spring semester.

Robert Richaud
Vice Principal

★ Mrs. Bannan we begin teaching on January 8th. She is joining the social studies department.

★ Mrs. Atallah will also begin teaching on January 8th. She is an addition to the math department.

★ Mrs. Rogers is also a great addition to the math department. She too will begin teaching on the 8th.

Kelsey Fankel
Counselor

All of these teachers have been visible on the campus for a few weeks, so they have been able to meet our amazing students and familiarize themselves with Loma Alta.

The addition of teachers will affect the master schedule, which will then change some student schedules. Please know that additional teachers will help the class sizes and increase direct teaching attention.

Carmen Ramirez
Counselor

All students will get a schedule on January 8th. Although most will remain the same, some will have a few changes.

We appreciate your constant support and your understanding. We strive everyday to make Loma Alta a great place for kids to learn.

Christine Guarnero
Campus Secretary

Best Regards,

Julie Center
Principal
