

Medina Valley ISD will be hosting a **mandatory meeting** for all **students currently in 5th grade through 8th grade** that are interested in or are currently enrolled in a **MAP** (Mathematics Accelerated Program) class. This meeting will review the requirements, responsibilities, & expectations for each student and parent when qualifications are met. Please join us on either of the two meeting options, at either of the two schools. We look forward to working with you. Students qualifying for the 2020-2021 school year will be required to have a signed parent permission to enroll in the class.

If you are currently not enrolled in MVISD and are interested in joining the MAP class, this meeting is *also* for you!
