Say good-night 	Teddy Bear 	Say Prayer 	Light Off 	Turn on Music 	

How to Use

Cut out the pictures that you want your child to follow. Mount on a piece of stiff colored paper in a strip format. Have the child look at each step as he/she gets ready for school. If you laminate the strip the child can also cross off each step as it is completed. Post the strip near where the child gets ready for school. Some may want to cut out individual pictures and attach Velcro in order to make a moveable picture schedule.
